### School Operations during a Pandemic or Other Health Emergency

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Louisiana Department of Public Health, local health department, emergency management agencies, and/or state Board of Elementary and Secondary Education .
2. Available learning opportunities may include distance and/or hybrid learning. Hybrid learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in hybrid and distance instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in hybrid or distance learning will be considered truant.
4. All school disciplinary rules remain in effect even during the interruption of in-person learning. Students are subject to discipline for disrupting the distance learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom. Students are also expected to follow all student safety protocols. Violations of school disciplinary rules are subject to disciplinary action as provided by the District Code of Conduct.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

## **FORWARD**

We believe that the Washington Parish School System exists to serve the educational needs of its people, and that the education of youth is a joint responsibility of the school system, parents, and community. The school system believes that individuals should be accepted at their level of development and guided in such a way that they realize their individual capacity emotionally, aesthetically, intellectually, morally, physically, socially, and vocationally.

Instruction should occur in a safe environment that is conducive to learning. Effective instruction requires good order and discipline which necessitates the absence of distractions, frictions, and disturbances. A good learning environment provides a positive, friendly, yet businesslike atmosphere in which students and school personnel can work productively towards mutually recognized goals. The Washington Parish School Board does not discriminate on the basis of race, sex, religion, age, handicap or national origin.

To assist the home and the students, this Handbook will:

- Describe the roles of the parents and students
- State the purposes of the Uniform Discipline Code and define discipline procedures
- Outline student attendance requirements and address personal grooming procedures
- Identify policies relative to student records and discipline
- Identify the Student Drug and Weapons Regulations

## **ROLE OF THE HOME**

The parents or guardians should:

- Maintain regular communications with the school authorities concerning their child's progress and conduct
- Assure their child's daily attendance and ensure their child's arrival at school on time each day
- Explain any absences or tardiness to the school
- Assist their child in being clean and neat
- Bring to the attention of school authorities any problem or condition which affects their child or any other children of the school
- Discuss report cards and work assignments with their child
- Assist their child in assuming responsibilities at school
- Maintain up-to-date home, work and emergency phone numbers at the school and all other emergency information
- Complete and return the parish approved Validation Check-Out Form and other forms as requested
- Attend all parent/teacher/principal conferences

## **ROLE OF THE STUDENT**

The student should:

- Attend all classes daily
- Be punctual
- Be prepared to come to class with the appropriate working materials
- Be respectful to all individuals and property
- Be clean and neat
- Be responsible for his/her own work
- Abide by the rules and regulations of the school
- Maintain a positive attitude
- Conduct himself/herself in a safe and responsible manner

## **POLICY STATEMENT**

The Washington Parish School Board, the governing body of Washington Parish Schools, is responsible for establishing policies under which schools operate. To promote desirable student conduct and behavior, a Uniform Discipline Code has been adopted. Consistent with the laws of the State of Louisiana, the Board has established the following goals in regard to the Uniform Discipline Code:

- Develop in concert with administrators, teachers, students, and citizens a system-wide Uniform Discipline Code
- Codify the penalties that shall be applicable system-wide, yet retain administrative flexibility in application
- Permit individual schools to adopt additional regulations governing actions not covered by the new code of conduct
- Disseminate copies of the Uniform Discipline Code to each principal, faculty member, and student so that they may become familiar with its contents
- Analyze and review the Uniform Discipline Code on an annual basis

## **INTRODUCTION**

The Uniform Discipline Code of the Washington Parish School System describes inappropriate student behavior, prescribes equal disciplinary actions for misconduct, and suggests specific actions for remitting prohibited behaviors. Administrators are to use reasonable judgment when administering the Code. The Code is based on the premise that rules must be consistently enforced. Further, the rules must be fair and firm and comply with the individual's constitutional and other legal rights. As students advance in age and maturity, they will assume greater responsibility for their actions. Staff implementing the Code should recognize the differences in age and maturity, as well as, mitigating circumstances. These factors may require that different types of disciplinary action be used. Assistance is available for students whose misbehavior is related to the different types of disciplinary action used. Assistance is available for students whose misbehavior is related to the use of alcohol or other drugs. The disciplinary actions listed in the Code indicate the range and the degrees of severity of punishment.

This Code is designed to ensure that each classroom will have a climate of order, discipline, control, and learning, as well as, a climate that brings out the best qualities in both the teacher and the student, allowing for individual growth and differences. Foremost, the Code is a tool to reduce misconduct and, thereby, increase the educational benefits to which all students have rights.

## **STUDENT PRIVACY POLICY**

The Washington Parish School System strives to protect student data privacy while improving student learning, performance, and opportunities. The Family Educational Rights and Privacy Act of 1974 (FERPA) provides a guideline for what can and cannot be shared with government agencies and private entities.

Directory information, as classified by FERPA, has been designated by the Washington Parish School Board to include the student's name, telephone number, date and place of birth, grade level, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, most recent previous school attended and photograph or video. The policy is available in its entirety in the CAPS Portal of the Washington Parish School System website, [www.wpsb.org](http://www.wpsb.org).

In efforts to provide a quality educational program, WPSS will ensure agreements are in place with entities that require students' personally identifiable information in accordance with Acts 837, 677, and 228 of the Louisiana Legislature. The release of some specified personally identifiable information to other government agencies and their contractors is necessary.

Some opportunities provided in Washington Parish Schools allow parents and eligible students to opt-in to programs. Examples of these opportunities may include state or nationally recognized clubs or organizations, external course enrollments, athletic organizations, and class supply companies. In these cases, the parent of an eligible student will have the option of providing consent for that specific program source to receive the student's personally identifiable information.

## **BULLYING /CYBERBULLYING**

Bullying is a form of aggression, and it occurs when a person(s) willfully subjects another person (victim), to an intentional, unwanted and unprovoked, hurtful verbal and/or physical action(s) at any school site or school sponsored activity or event. Bullying may also occur as various forms of hazing, including initiation rites perpetrated against a student or a member of a team. Examples of types of bullying may include, but are not limited to, the following examples:

- Physical bullying includes, but is not limited to, hitting, kicking, pushing, tripping, choking, damaging personal property or excessive tickling; and/or repeatedly and purposefully shunning or excluding from activities
- Gestures, including but not limited to obscene gestures and making faces.
- Written, electronic or verbal bullying includes, but is not limited to, such acts as malicious name-calling, teasing, threatening harm, taunting, malicious teasing or spreading untrue rumors.
- Electronic communication includes but is not limited to a communication or image transmitted by e-mail, instant message, text message, blog, social networking website through the use of a telephone, mobile phone, pager, computer, or other electronic device.
- Emotional (psychological) bullying includes, but is not limited to, rejecting, wronging, extorting, defaming, humiliating, black-mailing, diminishing personal characteristics (such as race, disability, ethnicity or perceived sexual orientation), manipulating friendships, isolating, or ostracizing.
- Sexual bullying includes but is not limited to , many of the actions preceding as well as exhibitionism, voyeurism, sexual propositioning, abuse involving actual physical contact, or sexual assault
- Cyberbullying includes web-based bullying or bullying using any form of electronic media.

### The pattern of behavior:

- Is exhibited toward a student, more than once, by another student or group of students; and
- Occurs, or is received by a student: while on school property, at a school-sponsored or school-related function or activity, in any school bus or van, at any designated bus stop, or in any other private vehicle used to transport students to and from schools, or any school-sponsored activity or event.

Personnel at all levels are responsible for taking corrective action to prevent bullying at any school sites or activities.

Allegations of bullying will be promptly investigated, giving due regard to the need for confidentiality and the safety of the alleged victim and/or any individual(s) who report incident(s) of bullying. An individual has the right to report an incident(s) of bullying without fear of reprisal or retaliation at any time. Retaliation is defined as meaning, "to pay back (an injury) in kind." When a person is accused of having behaved in an inappropriate fashion, especially bullying, the common reaction of that person is to be angry and want to pay the "alleged victim" back (retaliate). Retaliation must not occur and will not be tolerated.

Proven allegations of bullying can have serious consequences for the person deemed guilty, including verbal or written reprimand, in-school, or out of school suspension, disciplinary reassignment, and/or expulsion.

Victims of bullying have responsibilities. If bullying persists, victims should not ignore the incident(s) but should report immediately the incident to someone at school. Students should tell their parent(s). If the bullying continues, students should make a written record of the incident including dates, times, witness or

witnesses, and parties involved in the incident. The incident should be reported immediately to an adult who has authority over the bullies, for example, a teacher, guidance counselor, assistant principal, or principal. Victims should avoid being alone with the person(s) who attempted to bully them in the past. Victims of bullying who feel uncomfortable reporting this fact to adult personnel at school should contact another appropriate adult or friend who will report on their behalf.

To minimize the risk of being accused of bullying, students should keep their hands to themselves, remember that no one has the right to harm another person in any way, think before speaking, immediately apologize for accidentally saying or doing anything that has made another person feel oppressed, and report all incidents of bullying behavior they have witnessed to appropriate school personnel. Students should not touch anyone without his or her permission. Students should not interact with a person after that person has perceived their behavior toward them as “inappropriate” and has clearly told them to “stop”. Nor should they make remarks that may cause another person to feel “oppressed” (stressful, scared, or intimidated).

## SEXUAL HARASSMENT

The School Board recognizes that harassment on the basis of sex is a violation of state and federal law (R.S. 17:416.13). The Board, therefore, will not tolerate any sexual harassment on the part of any employee towards a student, or a student toward a student, within the jurisdiction of the Washington Parish School Board. Conduct in violation of this prohibition shall result in disciplinary measures.

Incidents of sexual harassment may include verbal harassment, written, or visual such as derogatory comments, jokes or slurs, or remarks of a sexual nature; physical harassment such as cartoons, graffiti, drawings, looks or gestures. Harassment does not only depend upon the perpetrator’s intention, but also, how the person who is the target perceives the behavior or is influenced by it.

It is recognized that instances occur within the school system involving individuals and personalities and these matters are best handled informally. If a student has concerns or a complaint about the nature of any conduct or physical contact by another student or a school employee, the student should contact the school principal. The Principal will investigate the complaint, investigate the situation, and attempt to remedy it within five (5) working days of the date of the receipt of the complaint, and follow the due process procedure. **Reports of sexual harassment should be submitted to the school principal first. The district’s point of contact is Tiffany Smith, Supervisor Child Welfare at the School System Central Office, 800 Main Street, Franklinton, LA 70438.**

## DISCIPLINE PROCEDURE

The school shares the responsibility with parents to educate, guide and discipline children. It is important that discipline be handled in a fair, consistent and impartial manner to ensure that a proper climate for learning exists. All student disciplinary decisions are confidential and not shared with other students or parents of other students.

The State and Parish guidelines hold the staff of each school responsible for the maintenance of discipline at the school or any school function. It is also the daily responsibility of all school personnel to see that the learning environment is free from disruptions that interrupt the learning process. However, the ultimate responsibility is the student and his/her parents.

Based on Louisiana Revised Statute 17:416, every teacher shall endeavor to hold every student to strict accountability for any disorderly conduct in school or on the playgrounds of the school, on the street or road while going to or returning from school, or during intermission or recess. School principals may assign to SAEP (Student Alternative Educational Placement) (or the Alternative Program) any pupil who is guilty of willful

disobedience; who treats with intentional disrespect a teacher, principal, superintendent, member, or employee of the local school board; who makes against any one of them an unfounded charge; who uses unchaste or profane language; who is guilty of immoral or vicious practices, or of conduct or habits injurious to his associates; who uses tobacco, alcoholic beverages, any controlled dangerous substance governed by Uniform Control Dangerous Substance Law in any form in school building, on school grounds or on school buses; who disturbs the school and habitually violates any rule; who cuts, defaces, injures any part of public school buildings, any property belonging to the school buildings, any school buses; or who writes any profane or obscene language or draws

obscene pictures in or on any school material or any public school premises, or on any fence, pole, sidewalk, or building on the way to or from school; or who is found carrying firearms, knives, or other implements which can be used as weapons, the careless use of which might inflict harm or injury; or who throws missiles on the school grounds liable to injure other pupils, or who instigates or participates in fights while under school supervision; or who violates traffic and safety regulations; or who leaves the school premises without permission; or who leaves his/her classroom during class hours or detention without permission; or who is habitually tardy or absent; or who commits any other serious offense.

Act 732 of the 2003 Legislative Session provides for the **suspension of driving privileges** of a student who is expelled or suspended from school for ten or more consecutive school days for committing certain infractions or who withdraws from school under certain circumstances. The infractions are as follows; **the sale or possession of drugs, alcohol, or any other illegal substance, the possession of a firearm, or an infraction involving assault or battery on a member of the school faculty or staff.**

Based on Louisiana Revised Statute 17:416.12, students in grades K-12 will address and respond to teachers and administrators using respectful terms and “Yes, Ma’am” and “No Ma’am,” or using the courtesy titles Mr., Mrs., or Miss.

The Washington Parish School Board requires the students to observe the highest standards of boy/girl behavior. Self-respect demands that public displays of affection in any form be avoided on school premises. This includes necking, petting, and body contact.

## **Washington Parish School Board Virtual/Distance Student Conduct**

Virtual and distance learners must follow the student code of conduct while logged in on the computer. Students are expected to meet the same criteria while logged in on the computer at home as they would in the classroom. There should not be anything visible while logged in that would not be acceptable in the classroom. Virtual and distance learners are expected to participate daily. Compulsory attendance laws apply as stated for in person learning.

Students are expected to have a *designated work area* in their home cleared of everything other than what they need for class. Working stations must be free of foreign objects that are not being utilized for instruction. Students are encouraged to work in areas that are isolated from other individuals and pets. Instructors will only require what the parent can reasonably provide. The recording device being used for instruction must be positioned to allow teachers to observe both the working space and student, especially during testing.

Additional electronic devices should not be kept or used within the visible working area, unless they are being utilized for instruction/are teacher approved. This includes use of speakers, phones, earphones and other devices that may provide distractions from teacher lead discussions. Students will follow daily guidance from their teachers regarding best methods of participation during virtual/distance learning. Students are to remain positively/actively engaged in instruction and participate.

Students are expected to wear appropriate dress that does not distract from the virtual learning process. Prohibited items including but not limited to: Pajamas or clothing that is transparent or overly revealing, clothing with profanity, racial slurs, or containing sexual content. School uniforms will not be required for virtual/distance learning. All students will be required to wear a school uniform when on the school campus during a normal school day.

Students should refrain from engaging in any of the behaviors identified in the Washington Parish Student Code of Conduct while participating in virtual/distance learning. Behavior that could result in disciplinary actions for virtual/ distance learning include but are not limited to cyberbullying, wearing inappropriate clothing, inappropriate use of electronic/communication media, threats, and intentional disturbance of a virtual/distance class. Students are not allowed to eat or drink during virtual or distance learning. This is distracting during instruction and could damage electronic devices.

# STUDENT MISCONDUCT

This section describes a broad range of acts of misconduct that are prohibited in school. Because the following charts do not include all types of misconduct, the student who commits an act of misconduct not listed on the charts shall be subjected to the discretionary authority of the classroom teacher and the principal or his/her designee.

The seriousness of the offense, the academic placement, the attitude, the age of the student, the pattern of misconduct, the degree of cooperation, and any other aggravating or mitigating circumstances should be considered in determining which action should be taken. The process is intended to be instructional and corrective, not punitive. Alternative courses of action are listed from the least severe to the most severe.

All disciplinary actions for misconduct should include a conference between the teacher or principal and the student, followed by notification to parent(s) or guardian(s). The student, parent(s), or guardian(s) who feel that the disciplinary action taken is unwarranted has the right to appeal to the principal.

The policies and administrative procedures apply to action of students during school hours, before and after school, while on school property, while traveling in vehicles funded by the School Board, at all school-sponsored events, and when the actions affect the goals or operations of the Washington Parish School Board. The responsibility of the principal is to report serious, disruptive, or criminal actions to the police.

## EXTRACURRICULAR AND OFF-CAMPUS ACTIVITIES

1. **All rules and regulations in this Handbook apply to field trips and all other school-sponsored functions.**
2. The school shall hold students accountable for their behavior off the school campus. Because of the State of Louisiana laws, the Washington Parish School system takes a strong stand against behavior that may adversely affect the learning environment of schools. In no way does this disciplinary stand imply that the Washington Parish School System takes the responsibility for supervising and taking disciplinary action for all off-campus behavior.
3. If the student is absent that day they are not allowed to attend or participate in that school event.
4. If a student is serving In School Suspension, Virtual In School Suspension, or in the Alternative Program, they are not allowed to attend any Washington Parish School System activities on or off our campuses.

## CELLPHONES/SMART WATCH

Possession of a cellphone or smart watch is not permitted on Washington Parish School grounds by students. If a student is found in possession of a cellphone or a smart watch, they must turn in the phone, SIM card, battery or the smart watch. If the student refuses to turn in the cellphone, SIM card, battery, or smart watch they can be placed in SAEP or in Alternative Program. **The parent/guardian will be responsible for obtaining the confiscated cellphone or smart watch. The school is not responsible for locating a lost or stolen cellphone, air pods or smart watch.**

If a cellphone or smart watch is confiscated at the school, they will keep the phone or watch for thirty (30) days unless the parent/guardian pays the fine as follows:

1st offense: \$25.00

2nd offense: \$50.00

3rd offense and every offense thereafter: \$75.00

## DEFINITION OF DISCIPLINARY ACTIONS

**Detention** – May take place during school hours or as Saturday Detention.

**Disciplinary Reassignment** – Disciplinary action can include transfer to another room or any school or alternative school placement for a specified amount of time. The action is recorded in the student's folder.

**Police Notification** - An incident report is filed with the police department. The action is then recorded in the student's folder. Police make the determination as to whether arrest is warranted. The principal or administrator has the discretion whether to sign a complaint for offenses that do not warrant arrest. Whenever police come onto the school campus, they will serve as agents of the school.

**SAEP (Student Alternative Educational Placement)** – The student remains in school and will be assigned to an in-school suspension classroom.

**Teacher-Student Conference** - The teacher shall talk to the student, and they shall mutually agree upon expected student behavior. A record of this meeting should be maintained in the teacher's file.

**Teacher-Student-Parent-Administrator Conference** – A formal conference is held to plan for corrective counseling, referral to outside agencies, disciplinary reassignment, or other appropriate actions. A record of the action taken shall be maintained in the administrator's file.

**NOTES:**

- For independent students, a Student-Administrator Conference may replace the Parent Conference.
- When the parent(s) or guardian(s) refuses to participate in a conference, the principal, or his/her designee, may impose the maximum disciplinary action.
- Unadjustable or incorrigible children who, through no fault of their parents or other persons having charge of them, regularly disrupt the orderly processes of the school to which they have been assigned, shall be considered as delinquent and may be reported by the Supervisor of Child Welfare and Attendance to the juvenile court of the parish, there to be dealt with in the manner prescribed by law.

## **SATURDAY DETENTION**

As an alternative to suspending students or assigning them to SAEP, each school in the Washington Parish School System will provide a Saturday Detention Center. Detention may be used as a consequence for minor disciplinary infractions.

The Detention Center will be open on Saturday mornings from 8:00 A.M. until 12:00 P.M. Students must remain on campus for the full four hours. The principal or disciplinarian will notify the parent/guardian of the assigned detention date. The parent/guardian is responsible for the transportation and will ensure that the child arrives promptly at 8:00 A.M. and departs at 12:00 P.M. If a student fails to attend an assigned detention, a parent/guardian refuses to provide for the child's delivery to the Saturday Detention Center, or **if the student receives a third Saturday assignment, the principal may assign the student to SAEP in place of the Saturday Detention.**

If a student misses a Saturday detention, the student will be assigned one (1) day SAEP.

Elementary Schools – Repeat discipline offenders (after the third assignment) – the parent in grades 3<sup>rd</sup> – 5<sup>th</sup> grade will be required to remain with the student in Saturday Detention. Students in grades kindergarten through 2<sup>nd</sup> grade a parent must attend Saturday detention each time it is assigned. If a student in Kindergarten – 5<sup>th</sup> grade receives Saturday Detention for tardies a parent must attend.

A student who is a “no show” or refuses to attend will have a TASC/FINS/DCFS referral.

**Administration has final discretion on rules pertaining to Saturday Detention.**

## **STUDENT ALTERNATIVE EDUCATIONAL PROGRAM (SAEP)**

Placing students recommended for the Student Alternative Educational Program (SAEP) will accomplish the following:

1. Support the policy that negative behaviors will result in serious consequences.
2. Reinforce our commitment that the inappropriate behaviors of one student will not be allowed to impede the educational process of other students.

Our common goal has to be that students that exhibit inappropriate behaviors/actions will be placed in SAEP. Adequate supervision and guidance will be provided in an attempt to alter unacceptable behaviors. The

student would be made aware that additional unacceptable behaviors may result in a return assignment to SAEP. Once a student is assigned to SAEP, he/she continues through the program outlined by the guidelines.

Any student referred to the SAEP must agree to a Behavioral management Contract, which will be signed by the principal, the SAEP teacher, the parent, and the student. Every student placed in SAEP will have the responsibility of keeping up with all classroom work covered in his/her regular classroom setting.

Students in grades 3 through 5 may be assigned to the SAEP classroom from one day to one semester. A first assignment will normally be three (3) days, a second assignment six (6) days, and a third assignment nine (9) days. A fourth placement may warrant the remainder of the semester. Students in the SAEP may not have contact with regular students during the normal day. Students may not attend/participate in any school activities on the days assigned to SAEP. EXAMPLE: A student that is assigned to SAEP may not participate in the following activities (Athletic Events, 4-H, Beta, Student Council, etc.) while in the SAEP placement.

Procedures have been established to ensure that parents become active participants when their child is placed in SAEP. NO exceptions to the following rules will be allowed:

1. The parent/designee must bring the child to school each day assigned to the SAEP at 7:45 A.M. and must pick the child up at 2:45 P.M.
2. The parent/designee must sign the student in and out each day.
3. Any failure or refusal by the parent to adhere to these guidelines will result in a referral to the parish Child Welfare Supervisor, who will refer the parent to the D.A.'s Office.
4. Students assigned to SAEP for one day must be picked up by the parent at the end of the school day.
5. If a Kindergarten – 2<sup>nd</sup> grade student receives SAEP placement a parent may be required to attend with the student.
6. During a suspension, students are forbidden to come on school grounds or to attend or participate in any School System or school-sponsored event. Any student who violates this ban will be subject to legal sanctions for trespassing.
7. Parents must comply with SAEP rules, which include: adhere to proper dress code and no cell phone, smoke breaks or siblings allowed.
8. Seniors will not have early dismissal from SAEP/Alternative Program.
9. When a student returns back to his/her home school from the alternative program the parent and student must meet with administration prior to returning to class.
10. Students in grades K-5 who have multiple disciplinary assignments of ISS, may be assigned Virtual ISS. Administrators must contact the Supervisor of Child Welfare before assigning Virtual ISS.
11. **Administration has final discretion on rules pertaining to SAEP.**

## STUDENT SEARCHES

The School Board is the exclusive owner of any public school building and any desk or locker utilized by any student or any area that may be set aside for the personal use of the students. Any teacher, principal, administrator or school security guard employed by the School Board, having a reasonable belief that any alcoholic beverages, nitrate based inhalants, stolen goods, or other items, the possession of which is prohibited by any law, School Board policy, or school rule, may search such building, desk, locker, area, or grounds of said public school. The acceptance and use of locker facilities or the parking of privately owned vehicles on school campuses by students shall constitute consent by the student to the search of such locker facilities or vehicles by authorized school personnel.

Any teacher, principal, administrator, or school security guard employed by the School Board, may search the person of a student or his/her personal effects when, based on the attendance circumstances at the time of the search, there are reasonable grounds to suspect that the search will reveal evidence that the student has violated the law, School Board policy, or a school rule. Such a search shall be conducted in a manner that is reasonably related to the purpose of the search and the nature of the suspected offense. Such factors to be considered in determining the manner in which searches may be conducted are:

1. Age and sex of student
2. Behavior record of the student
3. Need for search
4. Purpose of search
5. Type of search
6. Reliability of the information used to conduct search
7. Relative importance of making the search without delay
8. Nature and severity of problem in overall school environment

Random searches with a metal detector of a student or his/her personal effects may be conducted at any time, provided such searches are conducted without deliberate touching of the student.

A teacher, administrator, or security guard of the same sex as the student to be searched shall do any search of the student's person privately. At least one witness, who is of the same sex as said student, shall be present throughout the search. Detailed documentation shall be made of all searches. If requested, notification of the search shall be sent to the parents of the student involved.

No action taken pursuant to this policy by any teacher, principal, administrator, or school security guard employed by the School Board shall be taken maliciously or with willful or deliberate intent to harass, embarrass, or intimidate any student.

Upon proper school personnel confiscating any firearm, bomb, knife, or other implement which could be used as a weapon, or any controlled dangerous substance, the principal or designee shall report the confiscation to the appropriate law enforcement officials. Any implement or material confiscated shall be retained, cataloged and secured by the principal, so as to prevent the destruction, alteration, or disappearance until such time as the implement or material is given to law enforcement for disposal. Any principal or designee failing to report any prohibited weapon or confiscated material or implement to law enforcement personnel, or failing to secure any weapon or confiscated material or implement to the law shall be subject to appropriate disciplinary action, as may be determined by the Superintendent and/or Board.

If, in any suit brought against any teacher, principal, administrator, or school security guard employed by the School Board, as stated above, there is a specific finding that the action of the teacher, principal, administrator, or school security guard was malicious and willfully and deliberately intended to harass, embarrass, or intimidate the student, the School Board shall not indemnify such personnel in the event a judgment for damages shall be rendered against him/her. Whenever any search is conducted pursuant to this policy, a written record shall be made thereof by at least two (2) adult employees of the Board who conducted the search and shall include names of the persons involved, the circumstances leading up to the search, and the results of the search.

## **GUIDELINES FOR THE USE OF METAL DETECTORS**

The stated purposes of the search are to prevent students from bringing weapons in the schools pursuant to Louisiana law.

1. Administrators or assigned designees shall operate the metal detectors.
2. All individuals on the school property, or within school jurisdiction, are subject to the search.
3. The administrators or designees who conduct the search shall explain to the students the nature of the metal detector to alleviate fear and anxiety.
4. Students may be searched randomly, or, if there is probable cause, the students may be searched individually.
5. If the metal detector positively activates, the administrator or designee shall ask the student to produce the signal-triggering metal object.
6. If the student refuses to produce the metal object, then a reasonable particular suspicion exists, and the school administrator or designee shall be allowed a same gender “pat down” search within the parameter of the law. A student who refuses may be subject to disciplinary action.
7. Any illegal objects found during the search shall be retained by the school officials until the law enforcement official makes a ruling of the nature of the contraband.

## **CORPORAL PUNISHMENT**

The Washington Parish Public School System does not allow corporal punishment in the School System. Complaints concerning instances of impermissible corporal punishment should be reported to the school principal or Supervisor of Child Welfare for investigation.

## **CONDUCT ON THE SCHOOL BUS**

The bus driver, together with the principal, shall assume full responsibility for discipline of pupils riding buses. All buses in the Washington Parish School System are equipped for camera usage. Any disciplinary problems shall be reported by the driver to the principal of the school involved. It is the duty of the driver, in case of any infraction of rules by any student, to notify the principal of the school the student attends. If possible, this must be done in person. It is the responsibility of the principal to determine necessary punishment for students violating regulations. The bus driver shall not assume responsibility for suspending bus privileges or taking disciplinary action.

Students in grades PreK through 5<sup>th</sup> may be removed from the bus from one day to one semester. A first assignment will normally be three (3) days, a second assignment six (6) days, and a third assignment nine (9) days. A fourth assignment may warrant the remainder of the semester.

If necessary, the principal may suspend bus privileges. Any parent of a pupil suspended from riding a school bus shall have the right to appeal to the parish Superintendent, or his designee, who shall conduct a hearing on the merits of the bus suspension.

A pupil damaging a school bus shall be subject to disciplinary action. A pupil may be assigned to SAEP until payment in full has been made for such damages or until the Superintendent or his designee directs return to regular classes.

## RULES FOR SCHOOL BUS RIDERS

A school bus with undisciplined passengers is a hazardous bus. Student misbehavior can lead to accidents. The driver must concentrate on the driving task at hand and cannot be expected to constantly discipline the students while the bus is in motion. Therefore, for the safe operation of the school bus, students should be aware of and obey the following safety rules.

1. Cooperate with the driver; your safety depends on it
2. Be on time; the bus will not wait.
3. Cross the road cautiously under the direction of the driver when boarding and leaving the bus.
4. Follow the driver's instructions when loading and unloading.
5. Remain quiet enough not to distract the driver.
6. Have written permission and be authorized by the principal to get on or off at a stop other than the designated stop.
7. Remain seated at all times when the bus is in motion.
8. Keep arms, head or other objects inside the bus at all times.
9. Refrain from throwing objects in the bus or out of windows and doors.
10. Use emergency exits only for emergencies, and when instructed to do so.
11. No eating or drinking on the bus.
12. Students cannot possess tobacco, matches, cigarette lighters, obscene materials, weapons, drugs, or other prohibited items on the bus.
13. Take no glass, plastic or liquid containers on the bus.
14. Any student who damages the bus is responsible for the damages.
15. Be courteous, and safety-conscious. Protect your personal riding privilege, and enjoy the ride.
16. **No balloons or flowers will be allowed on the bus.**
17. Must sit in the assigned seat at all times.
18. Dress code regulations will be enforced on the bus.
19. No electronic devices, cell phones, etc. allowed on the school bus.

### School Bus Behavioral Referral Process

It is not designed to be used in the case of a severe behavior incident, as determined by the school administrator. A minor offense is defined as one that disrupts the normal and/or safe operation of the school bus. Discipline on the school bus is determined by the administration. Placement off of the school bus will follow the three (3), six (6), nine (9) and remainder of the school year for the entire school calendar year as deemed necessary by the school administrator.

| Steps   | Action (by school bus driver)   | Consequence   |
|---------|---|---|
| Step #1 | Student is corrected and warned. "This is your first offense. This behavior is not acceptable."     | Written documentation by the school bus driver.   |
| Step #2 | Student is corrected.   | School bus driver must contact the parent/guardian to explain the problem. Written documentation by the driver. |
| Step #3 | Student is corrected. School bus driver gives a completed School Bus Behavior report to the office. | Principal/Designee handles. Bus driver attaches documentation from Step #1 and #2.                              |

|         |   |   |

## **STUDENT RECORDS**

Student records are defined to be all official records, files, and data directly related to children, including all material that is incorporated into each student’s cumulative record folder, and intended for school use or to be available to parties outside the school or school systems, and specifically, includes, but not necessarily limited to, identifying data, academic work completed, level of achievement ( grades, standardized test scores), attendance data, scores on standardized intelligence, aptitude, and psychological tests, interest inventory results, health data, family background information, teacher or counselor ratings and observations, and verified reports of serious or recurrent behavior patterns.

### **Access to Records**

1. The parent or legal guardian of a student will have access to these records upon written request to the principal maintaining those records within the school system.
2. If the student is 18 years or older, only that student has the right to determine who, outside the school system, has access to his/her records. The parent, legal guardian or student, if the student is 18 or over, will, upon written request to the principal maintaining those records, have the opportunity to receive an interpretation of those records, have the right to question the data and, if a different opinion is noted, shall be permitted to file a letter in said cumulative folder stating their position. If further challenge is made to the record, the normal appeal procedures established by school policy will be followed.

### **Release of Information Outside the School System**

1. To release student records to other schools or school systems in which the student intends to enroll, the parents, legal guardian or the student, if he/she is 18 or over, must be notified of the transfer and the kinds of information being released. They will receive a copy of such information, if it is requested in writing, and shall have the opportunity to challenge that record, as described above.
2. Those data may be released to State Education and other government agencies, only if the names and all identifying markings are removed to prevent the identification of individuals.
3. To release student records to other persons or agencies, written consent shall be given by the parent, legal guardian, or the student, if he/she is 18 or older. This consent form will state which records shall be released and the reason for the release. A copy of the student record being sent will be made available to the person signing the release forms, if he/she desires.

4. Student records will be furnished in compliance with judicial orders, or pursuant to any lawfully issued subpoena, if the parents, legal guardians and students are notified in advance.
5. All authorizations for release of information will be filed in the student cumulative folder.
6. Upon transfer to another school system, notation will be made in the records of students assigned to SAEP or the Alternative School, if that student would normally have been suspended or expelled.

## **STUDENT DRUG AND WEAPON REGULATIONS**

The Washington Parish School board is dedicated to providing a drug-free learning environment for the students attending public schools. The Board directs that each student shall be specifically prohibited from being under the influence of, bringing on, consuming, or having in his/her possession on a school bus, on school premises, or at a school function away from the school, narcotic drugs, prescription medications, marijuana, nitrate based inhalants, imitation or counterfeit controlled substances, or other controlled substance as defined by state statutes, unless dispensed by a licensed physician, as allowed by law. The Superintendent shall be responsible for maintaining appropriate procedures for the detection of drugs or any imitation or controlled substances. Any student found in violation of the above shall be recommended for assignment to the Alternative School. Any student possessing/using alcohol shall be assigned to nine (9) days SAEP and shall be required to attend counseling outside of the school system.

Any violations of criminal laws, state or federal, committed on school property shall be prohibited by law. School officials, teachers and or Board employees shall report all violators to the principal, who in turn, shall notify the proper law enforcement agency and shall cooperate with the prosecuting attorney's office in the prosecution of charges. Any student, who distributes, sells, or dispenses in any manner or form, whatsoever, a controlled dangerous substance, as defined by state law, to another student or anyone else while on the school premises, shall be assigned to the Alternative Program.

The principal shall immediately notify the parents/guardians, by telephone, of any student found in violation of this policy. If the parents or guardians cannot be reached by phone, the principal shall then notify them of the action by sending a letter within twenty-four (24) hours. Care should be given to afford due process to all students.

## **LAWS GOVERNING SUBSTANCE ABUSE AND WEAPONS**

### **REPORTS OF SUBSTANCE ABUSE**

State law mandates that teachers and other school employees report suspected substance abuse in school. These cases shall be reported to the principal. The principal must report each case of possession, distributing, sales or manufacturing to the proper law enforcement authority. The principal/designee shall investigate and report his finding, along with the recommendation for treatment, counseling, or other appropriate action, to the Supervisor of Child Welfare and Attendance.

State law requires the Superintendent to assign a student to an alternative program or expel, if found guilty of certain offenses, as follows:

### **Grades K-5**

If, after an appropriate hearing, a pupil is found guilty of possession or knowledge of an intentional distribution or possession with intent to distribute any illegal drug or substance on school property, on a school bus or at a school sponsored event, the pupil shall be referred to the School Board, with recommendation of appropriate action by the Superintendent.

If, after an appropriate hearing, a pupil is found guilty of being in possession of a firearm on school property, on a school bus, or in actual possession at a school sponsored event the student shall be referred to the Superintendent for appropriate action.

## ADDITIONAL REASONS FOR DISCIPLINARY REASSIGNMENT

Pupils may also be assigned for any of the following reasons:

1. 2. Any student who is found carrying or possessing a knife with a blade which equals or exceeds two (2) inches in length, razor blades, box cutters, or any other potential weapon.
3. In accordance with federal regulations, a pupil determined to have brought a weapon to school under the Board's jurisdiction shall be assigned to the Alternative School for a minimum of one (1) year. The Superintendent may modify the assignment on a case-by-case basis. A weapon, in accordance with federal statutes, means a firearm or any device which is designed to expel a projectile or any destructive device, which, in turn, means any explosive, incendiary or poison gas, bomb, grenade, rocket, missile, mine or similar device.
4. The conviction of any pupil of a felony or the incarceration of any pupil in a juvenile institution for an act which, had it been committed by an adult, would have constituted a felony, may be cause for assignment to the Alternative School for a period of time as determined by the Board; such assignment shall require the vote of two-thirds of the elected members of the Board.

### BOMB THREAT

The communicating of false information of a bombing threat on school property, at a school-sponsored function, or in a firearm-free zone is a crime. RS 14:54.6 – Whoever commits the crime of communicating false information of a planned bombing on school property, at a school-sponsored function shall be imprisoned with or without hard labor for not more than twenty years.

### STUDENT TOBACCO USE

Students shall not be permitted to have vapes, tobacco or electronic cigarettes in their possession, or to use tobacco products on the school grounds, at school activities, or when riding school buses. **Parental permission to use tobacco does not exempt a student from this policy.** Any such use will result in a minimum three (3) days assignment to SAEP.

### MEDICATION POLICY

In May of 1993, the Louisiana legislature enacted Act 87 relative to the administration of medication in schools. This Act covers **all prescription and non-prescription medication**. In accordance with Act 87, the Washington Parish School Board has formulated the following guidelines to be used when a child has to receive medication during school hours.

Absolutely no medicines are given internally, externally, or by injection at school without written instruction from a Physician, Dentist, or Nurse Practitioner and written permission from a parent or legal guardian. Aspirin, Tylenol or any over-the-counter medications are not to be given without the proper medication orders.

1. **No medication** shall be administered to or self-administered by any student without an order from a Louisiana or adjacent state's licensed physician or dentist and authorization from the student's parent or guardian.
2. Only oral, pre-measured aerosols for inhalation, topical ointment for diaper rash, and emergency medications are administered at the school by trained personnel.
3. No medication shall be administered to, or self-administered by, any student unless it is provided to the school in a container that meets acceptable pharmacy standards.
4. Only medications which cannot be administered before or after school are administered at school.

5. The parent or his/her designated adult is held responsible for delivering the medication to the school to be given to the school employee designated to receive it. The parent or designated adult is also responsible for retrieving unused medication from the school.
6. If not retrieved by a parent or responsible adult, all medication will be destroyed one week after the expiration date or at the end of the school year.
7. Students will be allowed to self-administer medication such as an asthma inhaler, following a specific order from his/her physician and written authorization from the parent/ guardian.
8. Over-the-counter medications (non-prescription medications) are to be handled in the same manner as prescription medications. An order from a physician, or dentist, and authorization from the parent/guardian is mandated. The medication must be brought to school in a container that meets acceptable pharmacy standards. No exceptions will be made to this portion of Act 87.
9. The initial dose of medication must be administered at home, and sufficient time must be allowed for observation of adverse reactions before asking school personnel to administer the medication.

## **COMPLIANCE WITH SECTION 504 OF THE REHABILITATION ACT OF 1973**

“No otherwise qualified individual with handicaps...shall, solely by reason of his/her handicap, be excluded from participation in, be denied benefits of, or be subjected to discrimination under any program or activity....”

### **SECURITY VIDEO**

The Family Educational Rights and Privacy Act (FERPA) decision 10 FAB 25, 107 LRP 685 states that a video tape is considered an *education record* protected by FERPA, if it contains information that is *directly related to* a student. Therefore, a parent cannot view a school security video tape or a bus security video tape, because the student’s or students’ FERPA rights would be violated by such a viewing.

- Incorporate this plan into the LEA Consolidated Plan.
- Provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and reports in an understandable and uniform format and in a language parents understand.
- Involve parents of children in all Title I Schools in decisions about how the one percent of reserved allocation for parental involvement is spent and will ensure that no less than 95 percent of this one percent allocation goes directly to the schools.
- Accept the statutory definition of Parent and Family Engagement and expects that Title I Schools will carry out programs, activities, and procedures in accordance with this definition.

*Parent and Family Engagement means the participation of families in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring...*

- B. That families are encouraged to be actively involved in their child's education at school;*
- C. That families are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child;*
- D. The carrying out of other activities, such as those described in Section 1111.*

### **Part II: Implementation of Parent and Family Engagement Plan Components**

1. The Washington Parish School System will take the following actions to involve families in the joint development of its district wide Parent and Family Engagement Plan.
  - Parents, teachers, and administrative personnel at each school will meet to evaluate the current district plan and then develop school plans. Parents will serve on all School Improvement Committees to review improvement plans and provide input for future activities. These stakeholders will jointly participate in the development of the district's involvement plan, which will be evaluated annually by parents, school personnel, and district personnel.
2. The Washington Parish School System will take the following actions to involve families in the process of school review and improvement.
  - Each School has a School Improvement Team comprised of administrators, teachers, parents, and community members. This team meets at least once per year to review and assess the success of the School Improvement Plan. Plans are either revised or rewritten, as needed, with input from all stakeholders at each school. School improvement and student achievement information is shared at school meetings (Open House, Family Literacy Nights, Family Math Nights, etc.) and/or through written communication.

3. The Washington Parish School System will provide the following necessary coordination, technical assistance, and other support to assist Title I schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance.
  - The District Federal Programs Director and Coordinator provide technical assistance to all schools in the district in the planning and implementing of each school's Parent and Family Engagement Plan. This plan must include effective parental involvement activities. Parent trainings and activities will assist parents in working with their children to increase achievement. Trainings and activities include Parenting Centers, Open House, Parent-Teacher conferences, dissemination of informative brochures/pamphlets/handbooks/calendars, etc.
4. The Washington Parish School System will coordinate and integrate Parent and Family Engagement strategies with other Early Childhood programs.
  - Parents are informed of available Early Childhood programs at the beginning of each school year. Early Childhood programs coordinate services and work collaboratively to inform parents. Early Childhood personnel are invited to professional development activities and participate in referrals, identification, and other services provided to children.
5. The Washington Parish School System will take the following actions to conduct, along with the involvement of parents, an annual evaluation of the content and effectiveness of this Parent and Family Engagement Plan in improving the quality of its Title I schools.
  - This Parent and Family Engagement Plan will be reviewed with the administrators and key members of the staff of each school on an annual basis. This plan and school plans will either be revised or rewritten, as needed, with input from all stakeholders at each school. School teams will interact with parents daily, providing frequent feedback regarding the effectiveness of activities. Parents who do not participate in planned activities will be surveyed to find out what barriers might have kept them from attending. Surveys will be evaluated to provide possible solutions and rethink the process by which parental involvement activities are conducted. Some solutions may include assisting with transportation, childcare activities, language interpreters (when needed), parent trainings, etc.

### **Part III: Discretionary District Wide Components**

The Washington Parish School System will provide assistance to parents of children served by the school district or school in understanding topics, such as the following, by taking the actions described below:

- Information about Title I programs and other educational services will be communicated to parents by parent-teacher conferences, Open House, newspaper articles, brochures, parent handbook, newsletters, monthly calendars, etc.
- The state content standards in ELA and Math will be presented at Parent Night, Math Night, Literacy Nights, Technology Night, and during Test Prep presentations.
- Orientations will be held each year at Middle and High School levels.
- Contact via School Messenger at individual schools

### **Part IV: Acceptance**

This plan is accepted by the Washington Parish School System having been agreed upon with parents of children attending Title I schools. The district will distribute this plan to all parents of Title I schools before the end of the first marking period of the school year or upon enrollment in a district school.

## Washington Parish Grievance Process

The Washington Parish School System does not discriminate on the basis of disability with regard to admission, access to services, treatment, or employment in its programs or activities. Any alleged discriminatory practices within the scope of Section 504, or the Americans with Disabilities Act should be addressed through the grievance procedure that follows.

The primary purpose of this procedure is to secure, at the most immediate level possible, equitable solutions to a claim of the aggrieved person. Both parties agree that these proceedings shall be kept confidential at each step in the process.

- Step 1: Proper levels of authority and communication are to be followed if a student or a parent wishes to discuss a complaint or a grievance. The student or parent *first contact the teacher or school personnel with whom the problem occurred* for a conference. In the event that the situation is not resolved, the following persons are to be contacted in order until satisfactory resolution is achieved: the *School Building level Committee (SBLC) Chairperson*, the *Counselor*, and finally, the *School Administrator/Principal*.
- Step 2: If, as a result of the discussion, the matter is not resolved, the grievant may request a conference with the appropriate **Central Office staff** member (Supervisor of Instruction, Supervisor of Child Welfare and Attendance, Supervisor of Transportation, Section 504 Coordinator, etc.). Full details of the grievance shall be initiated in writing or a Section 504 Grievance Form (see attached) shall be completed by the grievant within five (5) days following the conference with the principal. The appropriate Central Office staff member shall communicate the decision to the grievant in writing within five (5) school days following the date of submission. Unless the grievance shall be so appealed, it shall be deemed to have been settled and the grievant shall have no further right with respect to said grievance.
- Step 3: If the grievance is not resolved, the grievant may no later than five (5) school days after receipt of the Central Office staff member's decision appeal it to the **Assistant Superintendent** who will attempt to resolve the complaint through mediation. The appeal must be made in writing and must give details as to why the decision was unsatisfactory. The Assistant Superintendent shall notify the grievant of the date of the mediation meeting and of his/her right to present the complaint at said meeting. The grievant will be notified in writing of the action taken by the Assistant Superintendent within ten (10) school days. Unless the grievance shall be so appealed, it shall be deemed to have been settled and the grievant shall have no further right with respect to said grievance.
- Step 4: If the grievance is still not resolved, the grievant may appeal the decision within five (5) school days to the **Superintendent**, who will review the facts and efforts made to resolve the problem and will make a decision in writing to the grievant within five (5) school days. Unless the grievance shall be so appealed, it shall be deemed to have been settled and the grievant shall have no further right with respect to said grievance.
- Step 5: If the grievant is not satisfied with the decision of the Superintendent, within five (5) school days after receipt of the decision, he/she may request a review by the School Board. The request shall be made in writing through the Superintendent who shall attach all papers relating to the grievance. The grievant's appearance to present his appeal before the School Board shall be scheduled in accordance with regular procedures adopted by the School Board. The grievant may appear alone at this meeting or be accompanied by counsel of his/her own choice. The School Board shall issue a written decision within thirty (30) days after the meeting with the grievant. Unless the grievant appeals the decision in writing within five (5) school days of the written decision, the grievance shall be deemed resolved.
